

## Technical Bulletin # TCB14

**Transmission: 42RLE**

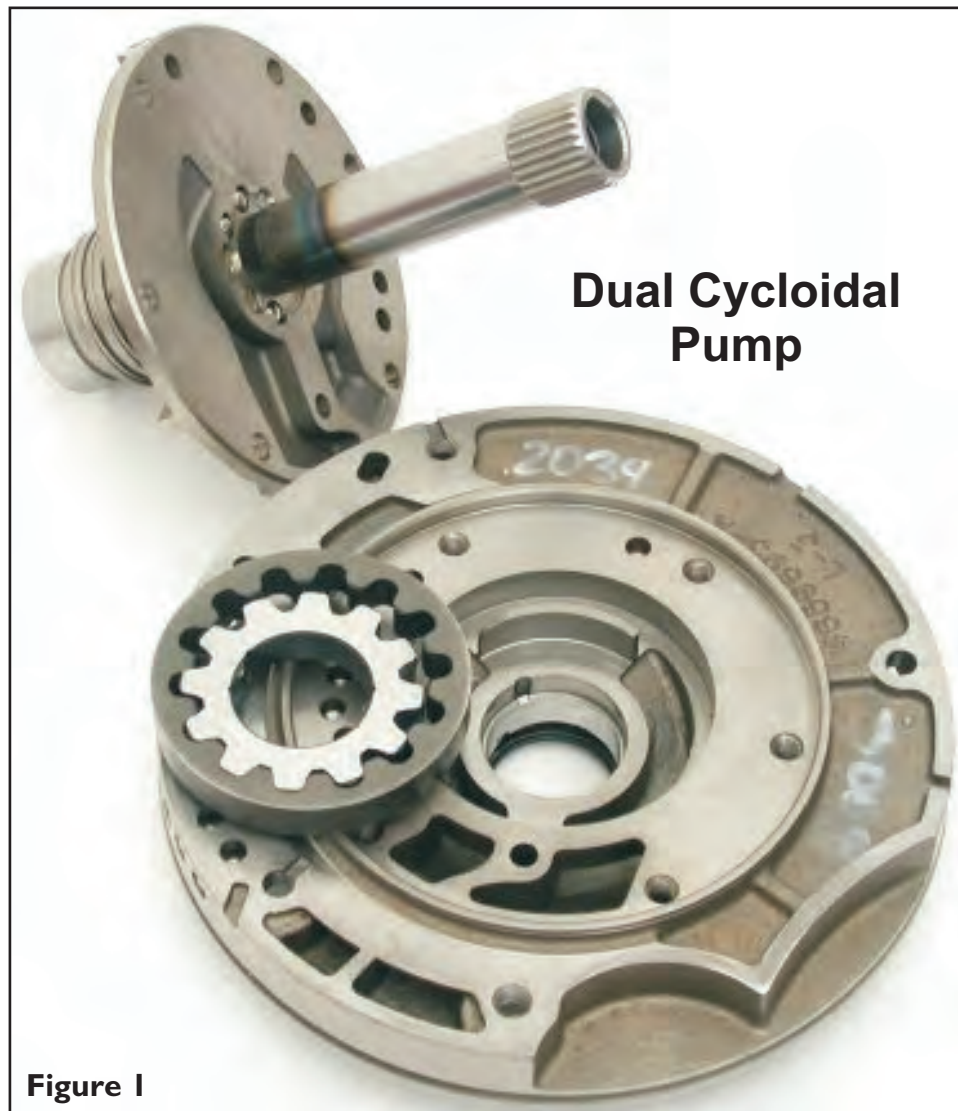

**Subject: Intermittent code P1740**

**Application: Dodge, Chrysler and Jeep**

**Issue Date: August, 2011**

### Intermittent Code P1740

A Dodge, Chrysler or Jeep vehicle equipped with a 42RLE transmission setting a very intermittent code P1740. These are late 2003 & up vehicles with a Dual Cycloidal gear style pump (figure 1). The pump may look factory new in every way. Replace the pump body with an early 4ITE Crescent gear type pump body (figure 2), it is not necessary to change the pump stator.
